

William Paterson University Guitarfest 2022

Yenne Lee

Saturday, April 23, 2022

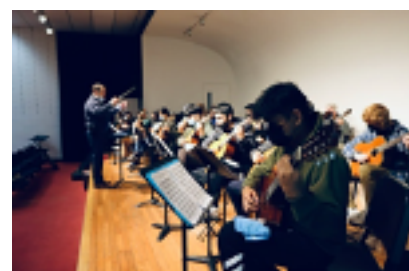

Spring is here and the time for William Paterson University Guitarfest is here with it! Now in 2022 we are excited to be back after a two year pandemic hiatus.

Jayson Martinez

NJGO

NJMEA Guitar Ensemble

To continue our 20+ year tradition of bringing the finest classical guitarists to our campus we are delighted to host the extraordinary Korean guitarist **Yenne Lee** to perform as our featured artist. She is a competition winner and internationally known player who has released the CD *Beautiful* (2016).

Ms. Lee, in addition to her expertise in purely classical guitar repertoire, is an accomplished arranger of popular and jazz music. Her program at Guitarfest will focus on her arrangements.

We are also thrilled to have the best of NJ's own homegrown guitarists; the **New Jersey Guitar Orchestra** and the **New Jersey Music Educators Association High School Honors Guitar Ensemble** will both perform under the baton of **Jayson Martinez**, guitar teacher at Arts High School in Newark, NJ.
